Formation of Word

There are 26 letters in English Alphabet. Some of these letters are written together to form different words.

Read the following examples:

ox

dog

goat

train

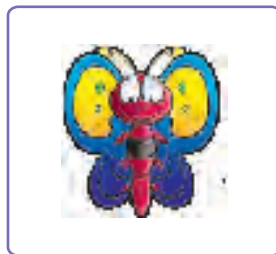

banana

penguin

kangaroo

butterfly

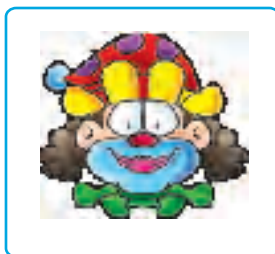

kingfisher

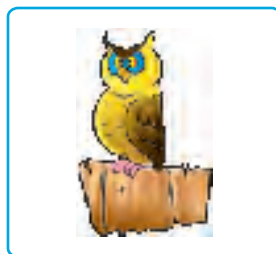

caterpillar

tomato

clown

owl

parrot

kite

All these words are formed by joining letters. Some words have only two letters while some others have three, four, five or even more letters.

Let's Practise

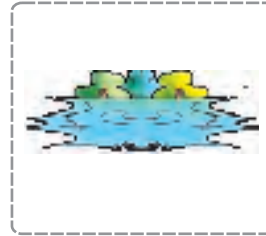

A. Look at the following pictures and write their names. Also count and write the number of letters each of them has:

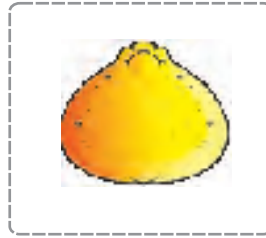

B. Look at the pictures given below. The spellings of the names are jumbled. Put them in the right order to make meaningful words:

SNEKA

VDRIER

SIPH

TMEPLE

HALEW

BILDINUG

VACE

BACBAGE
