

Animals are living things. They can move, eat, sleep and also play like us. All animals have special names too.

Domestic Animals

Some birds and animals live in our homes. They are called **domestic animals**.

dog

cat

cow

camel

horse

sheep

goat

pig

donkey

Wild Animals

Some birds and animals do not live in our homes. They live in the forest. They are called **wild animals**:

elephant

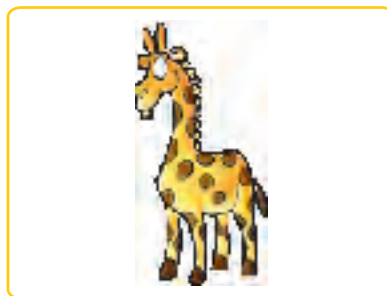

lion

tiger

wolf

giraffe

monkey

zebra

gorilla

fox

Birds

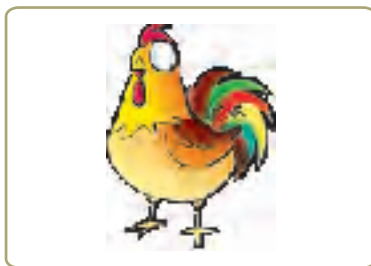

Like animals, birds are also living things. They are beautiful and colourful. Most of them fly and some of them sing sweetly. Birds too also have special names.

Birds that live with us

Many birds live in our homes as pets. Some of them are:

parrot

hen

duck

pigeon

swan

myna

Birds that live around us

Some birds do not live in our homes but they live in our surroundings. Some such common birds are:

crow

sparrow

peacock

dove

bulbul

cuckoo

Birds of Prey

Some birds hunt small animals and feed on them. They are called birds of prey. Some such birds are:

eagle

kite

owl
