Our Clothes

Need for Clothes

Clothes are our basic need. We need clothes to cover our body. They save us from heat, cold and rain. We look fit and smart in them.

Remember

Clothes protect us from dirt, dust and insects.

Clothes for Different Seasons

We wear clothes according to the seasons. In summer, we wear cotton clothes. Cotton clothes are light. They keep our body cool. We do not feel hot in cotton clothes.

Remember

We get cotton fibre from cotton plants.

We wear thick and woollen clothes in winter. Woollen clothes keep us warm. In hilly areas, people wear clothes made of fur. Thick, woollen and fur clothes keep our body warm. We do not feel cold.

Remember

We get wool from sheep.

We wear light clothes in the rainy season. Such clothes dry fast on getting wet. We also wear a raincoat. It saves us from getting wet.

Teacher's Corner

- Show clothes worn in different seasons to the students. Tell them about the seasons they are worn in.
- Also, show them the dresses worn in different states. Tell their names as well.

In the rainy season, some people carry an umbrella. It saves us from rain and shine.

Men, women and children wear clothes of different kinds.

Women wear saree-blouse, salwar suits, choli-ghaghra, etc.

Men wear pants-shirt, dhoti-kurta, etc.

Some people wear a *pagri* (turban) or a cap also.

Children love to wear colourful clothes.

Girls like to wear frocks, skirts and tops.

Boys wear pants-shirt, t-shirt, jeans, etc.

In school, everyone wears the dress of the same kind. It is known as **school uniform**. You also wear a uniform and go to school.

Some people wear a special dress. We can easily recognise them by these dresses.
