# Preface

**English Ocean**, a series of multi-skill English coursebooks for Classes 1-8, intends to furnish the learners with audacity to face challenges of comprehending the subject. Learning a language is compulsory for acquiring education and further knowledge. For this purpose, we have included different learning tools such as reading, writing, listening and speaking along with interesting stories and poems related to real-life situations. Contents of these books include a broader scope of varied genres of literature : Short stories, drama, articles, travelogue, games and other collections in the latest fashion to introduce the learners to the communicative way of comprehensive learning.

Some of the distinguishing features of the series are :

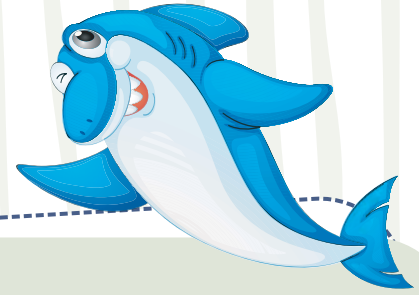

- ▶ The comprehensive approach caters to completeness and provides valid information. Simple language and student-friendly style will encourage learners to read more and comprehend more.
- ▶ Perceptible diversity of subject matter makes the key feature of these textbooks. Each chapter conveys a moral value as well.
- ▶ **Keynote** provides the essence of the lesson and helps the learner to think and learn what he would be going through in the chapter.
- ▶ **Word-Web** explains difficult words that occur in the lesson in an easy and simple language helping learners to widen their vocabulary and comprehend the inherent message.
- ▶ **Comprehension** includes a variety of questions : **Multi-Menu-** Multiple Choice Questions, **Pick and Fill-** Filling the blanks, **Matching-Mania**, **Question-Queue-** (Short) and (Long) and **Vocabulary** to help students increase their word-stock.
- ▶ **Grammar-Grip** provides grammar and language concepts correlated to the chapters to help students improve their language skills.
- ▶ **Think-n-Thrive** encourages students to think orally about the given problem and work out a solution to it.
- ▶ **Reading Skills** prepares the students for more extensive learning by decoding simple questions to enhance their understanding and ability to respond to the inherent concepts.
- ▶ **Fun to Write** encourages them to enhance their writing skills on different vogue topics through different types of writing skills.

It is futile for the new generation merely 'to read' or 'to write' for the education system is much more advanced today. Therefore, students need to excel in every genre of learning with interesting books containing relevant references, high quality reading material and prevalent methods of evaluation. We hope the books of this series would help the students' dreams come true. However, suggestions for further improvement will be cordially appreciated.
