- ❖ We have ten toes.
- ❖ We have two hands.
- ❖ We have two legs.

Following are some activities we do with the help of our body parts.

Write

Hold

Pick

Eat

Play

Swim

Dance

Sing

Sense Organs

Sense organs help us to recognize things around us. We have 5 sense organs. Eyes, ears, nose, tongue and skin are known as the **sense organs**. These organs help us to feel the things in surroundings.

Let's Do

Your mother is singing a melodious song, which of your sense organ is used here.

We have two **eyes**.
Eyes help us to see.

We have two **ears**.
Ears help us to hear.

We have one **nose**.
Nose helps us to smell.

We have one **tongue**.
Tongue helps us to taste.

Skin is the outer cover of our body.
Skin helps us to feel things.

FOLLOW IT

Keep all your sense organs clean too.

Flash On
