9. I also live on a farm. I give you wool. _____

We see different animals in our surroundings. Animals are found all over the world. They have different sizes and shapes. Animals also require food, water and shelter just like human beings. Some animals are **wild animals** while some are **domestic animals**.

Domestic Animals

Animals tamed by us are called **domestic animals**. We keep them in our houses or in farms. We provide them food. Some animals are used for work while some are kept as pets.

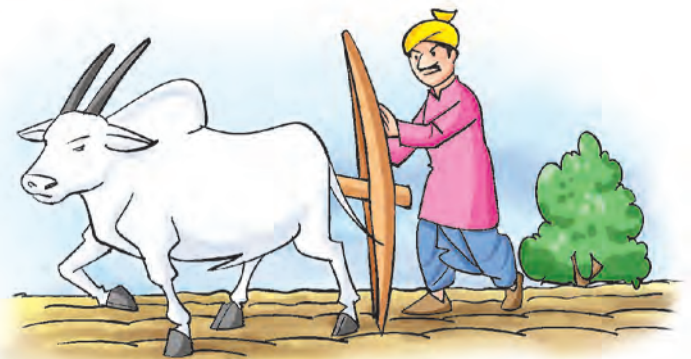

It's your duty

Do not tease or trouble animals.

Farm Animals

Some animals work for human beings. They also provide many useful things to us. They are called **farm animals**. Animals like horses, ox, donkeys etc. are used to carry our loads. They are also used to draw carts to carry people from one place to another.

Fact Byte

- ❖ Cat is the most popular pet all over the world.

Pet Animals

Domestic animals living with us at our homes are called **pet animals**. Some pet animals are cat, dog, rabbit and fish. Dogs keep watch on our house, cats have a unique mouse-catching ability. Fish are kept in aquariums. They look beautiful. Parrots, rabbits are also tamed at home.

We must take care of our pets. We must give them proper food and keep them clean and neat.

Animals Provide Us Food

Cows, buffaloes and goats give us milk.

We get wool from sheep.

Hen and duck give us eggs.

We got honey and wax from honeybees.

We get meat from goat and hen.

Food from animals

ACTION TIME 1

Write the names of the animals in appropriate box. Also match the animals with their type :

Farm animals

Pet animals

Wild animals

Animals Help Us in Many Ways

We get many other things from animals too. They give us many things we use in our daily life.

Horses, donkeys and mules carry our loads. They carry our loads in mountains too. They also carry passengers in regions where vehicle cannot go. These animals are also used in carts. Such animals are also called **beasts of burden**.

Bullocks and camels are used to plough our fields.

We get wool from sheep and silk from silkworm to make our clothes.

We use dung of cows and buffaloes as fuel. It is also used to make manure for agriculture. We also get leather from the skins of dead animals.

Flash On

- * Animals, we tame for food and work are called domestic animals.
